Welcome Back to School!

**SKI UTAH Field Trip**
Each December, Provost 4th graders are invited to participate in the **SKI UTAH** program. We will be heading up to **Sundance** for this exciting day. The cost for this SPECIAL UTAH field trip is **$25.00** which includes the equipment rental, a small group lesson with a Ski Utah Instructor, a lift pass, and the bus. (A great deal for all of this!) Everyone CAN participate! No child is left out! We have found that when children work to earn their money for this field trip, they appreciate it a great deal more!

Begin now to earn your money! A little work all along the way will help you get to your goal before it is time! Work with your parents for ideas that fit you and your personality. Students in the past have earned their money by: Mowing lawns, washing dishes, washing windows, babysitting, cleaning up the yard, washing the car, organizing cupboards, massaging Mom’s feet at the end of the day, helping with dinner and setting the table, etc.

Plan Ahead for appropriate Ski Clothing. You can borrow these, acquire them from Thrift Stores or Garage Sales etc. You will need a waterproof jacket that zips up, warm hat, (we don’t recommend a scarf because it can get caught in the equipment), waterproof thick ski pants/bibs, one pair of wool socks (these stay warm – even if wet), snow boots, waterproof mittens or gloves.

We want ALL students to participate! Please talk to your teacher ASAP if you have a concern about this, and we will make sure that you CAN participate!
